## HELLO WILDCAT FAMILIES!

Hello Wildcat Families!

Thank you for reading up on what your Louisburg Elementary PTO has been up to this month. February was a fun and busy month!

The students at Rockville and Broadmoor were treated to an exciting assembly put on by the Magic of Science earlier this month. It was a blast!

We held our quarterly General Meeting this month as well, which is always open to the public. Thank you to all who attended! Elizabeth Ellis from the Louisburg Public Library came and shared all sorts of information about their upcoming events and resources available at the library. Thank you, Elizabeth! We also had the pleasure of approving two new Grant Proposals submitted this month. We cannot wait to see how the students will benefit from these Grants!

Warm weather is coming! And if you'd like to sport your Wildcat Spirit Wear during the warmer months, keep your eyes peeled for information about our last order-- full of gear perfect for spring and summer.

Please scroll on down to see who was awarded as Staff Member of the Month at Rockville and Broadmoor this month!

Last but not least, you won't want to miss the PTO EVENT OF THE YEAR, OUR ADULT'S CHARITY EVENT: A HAVANA NIGHT. Tickets are on sale until March 15th but space is limited-- so don't delay! There are also spots available for Sponsorship and Donations. Please visit our website for information. It will be a spectacular night benefiting our amazing schools, staff, and students-- we hope to see you there!

As always, thank you for your kind support and involvement!

Elizabeth Ellis from the Louisburg Public Library attended our General Meeting and shared some awesome events and resources available at the library. There is always something fun going on there-- check them out!

LIBRARIES ARE ESSENTIAL

## EDUCATION

The Louisburg Library offers high-quality learning opportunities for all ages and learning styles. We work closely with local schools, educators, and parents. Early literacy programming is vital for school readiness. Summer reading programs keep children and teens learning when school is not in session.

Our adult programs focus on using new technology, older adult services, book clubs, and hundreds of other topics to enhance your life. The entire family finds what they need at the library.
